

**The statement of the Ministry of Foreign Affairs of the Islamic Republic of Iran  
on Updating Designations Regarding American Officials and Individuals  
Supporting the Monafeghin Terrorist Group**

The Ministry of Foreign Affairs of the Islamic Republic of Iran in accordance with the Law on Countering Violations of the Human Rights and Adventurous and Terrorist Acts of the United States in the Region, in particular Article 4 of the Law, designates the following American individuals and officials for their deliberate support of the Monafeghin terrorist group (so-called MKO) through participation in the terrorist group's gathering, acknowledging their terrorist acts and causes as well as providing political and propaganda support to the group.

Throughout the recent decades, the Monafeghin terrorist group by organizing and perpetrating countless terrorist acts, have martyred more than 17000 innocent civilians, in particular women and children. Despite the terrorist nature and atrocious terrorist acts of Monafeghin as well as its violent terrorist and military activities, the United States government continues to support this terrorist group and has maintained its double standards and hypocrisy in this regard.

The Islamic Republic of Iran recalling the international obligations in desisting and refraining from, among others, facilitating and encouraging terrorist acts, reiterates that the policy and practice of the United States government in supporting the Monafeghin terrorist group is in violation of the abovementioned obligation and constitutes internationally wrongful acts entailing the international responsibility of the said government.

In the light of the above and considering the provisions of the Law on Countering Violations of the Human Rights and Adventurous and Terrorist Acts of the United States in the Region, all relevant national authorities will take appropriate measures for effective implementation of the sanctions stipulated in the Act.
